E12 ESM

OVERVIEW

Emerald E12-ESM a premium, Environment Responsible Product (ERP) ink designed as a replacement for Roland® Eco Sol Max™ ink.

The Emerald E12-ESM a greener solution for those who are committed to preserving the environment, as the volatile vapours emanating from this ink formulation are not classified as hazardous air polluting substances. This provides a safer operator environment with more favourable exposure limits.

Emerald E12-ESM provides excellent media compatibility across a broad range of self-adhesive and flexible substrates.
